

**THE 3RD EUROPEAN SOCIETY OF HISTORICAL DEMOGRAPHY CONFERENCE**

**Day 1 - 26 June (Wednesday)**

16:30 - 18:15				
Parallel Session 1.				
Room nr.	Room 1	Room 2	Room 3	Room 4
Session Title	Households and living arrangements	Urban populations in East Central Europe (18th-19th centuries)	The 'virtuous circle' of physical stature: Determinants and outcomes of stature in the 19th and 20th century	Vulnerability, survival strategies, and the life courses of parentally bereaved children
Chair	Lydia A. Zyblikiewicz	Péter Óri	Jan Kok	Matthias Rosenbaum-Feldbrügge
Title Authors	<p>Were all Patriarchs Old? A Critique of the Patriarchy Index and Comments on Freedom of the Individual in Northern European Families in the Past <i>Beatrice Morina</i></p> <p>Servants in Polish peasant and noble households before and after abolition of serfdom <i>Radosław Poniąć, Piotr Guzowski, Cezary Kukło</i></p> <p>Living arrangements of European second generations immigrants in the United States at beginning of XX century <i>Roberto Impicciatore, Rosella Rettaroli, Francesco Scalone, Alessandra Samoggia</i></p> <p>Social situation of elderly people in Eastern Poland in the first half of 19 century <i>Joanna Schmidt</i></p> <p>A comparative analysis of household structures on the Courtown Estates, 1901 and 1911 <i>Rachel A. Murphy</i></p>	<p>Variations on a theme: leaving the parental household and parental care in step families in the Pressburg German Lutheran burgher community in the 18-19th centuries <i>Árpád Tóth</i></p> <p>Behind the numbers: reconstructing (step)families of Óbuda in the 18th century <i>Katalin Simon</i></p> <p>Different roles in the families: Marosvásárhely in the second half of the 19th century <i>Áron Tótócs</i></p> <p>Social Life of a Central European City: a Study of 19th Century Krakow <i>Aleksandra Dul</i></p>	<p>The biological cost of colonisation in South Africa <i>Deborah J. Oxley, Nigel Penn, Michelle Sikes, Lance van Sittert</i></p> <p>Valkyries: Was Gender Equality High in the Scandinavian Periphery since Viking Times? Evidence from Enamel Hypoplasia and Height Ratios <i>Joeraq Baten, Laura Maravall</i></p> <p>Tall boys on tall ships? Heights of teenage boys in the Netherlands 1791-1939 <i>Biörn Quanjér, Jan Kok</i></p> <p>Marrying up: The role of height in marriage outcomes in the Netherlands, 1831-1940 <i>Kristina Thompson, France Portrait, Maarten Lindeboom</i></p> <p>Changes of maternal height and size of their neonates in Switzerland across the 20th century <i>Kaspar Staub, Joël Floris</i></p>	<p>The impact of parental death in childhood on early adult mortality: Evidence from Southern Sweden 1813-1967 <i>Enrico Debiasi</i></p> <p>The Impact of Family Structure on the Risk of Leaving Home for Marital and Non-Marital Reasons in the Netherlands, 1850-1940 <i>Matthias Rosenbaum-Feldbrügge</i></p> <p>Parental death, remarriage and child survival A micro-level study from rural Transylvania, 1857-1941 <i>Levente Pakot, Sándor Lakatos</i></p> <p>Without father and mother: the destiny of children. Alghero 1866-1935 <i>Marco Breschi, Stanislao Mazzoni</i></p> <p>Vulnerability and strategies to survive; some theories <i>Erik Beekink</i></p>
18:30 - 19:45				
Opening of the Conference				
Chair: Alice M. Reid				
Opening lecture: <u>Melinda Mills</u> , University of Oxford, UK				
20:00				
Reception				

**THE 3RD EUROPEAN SOCIETY OF HISTORICAL DEMOGRAPHY CONFERENCE**  
Day 2 - 27 June (Thursday)

09:00 - 10:45				
Parallel Session 2.				
Room nr.	Room 1	Room 2	Room 3	Room 4
Title	From the cradle to the grave	Fertility control and abortion, 18th-20th centuries	Differential mortality in Western Europe	Spatial perspectives on historical family demography I.
Chair	George Alter	Zsolt Spéder	Elena Crinela Holom	Mikolaj Szoltysek
Title Authors	<p>Where you live, or who you are? The role of childhood for adult health, southern Sweden, 1900-2013 <i>Tommy Bengtsson, Luciana Quaranta</i></p> <p>The familial component and transmission of infant mortality and extreme longevity in two villages of Sardinia (1815-2018) <i>Michel H Poulain</i></p> <p>Old Age Mortality in the Netherlands during Industrialization and the Epidemiological Transition: a longitudinal study (1850-1940) <i>Maria Dolores Sesma Carlos</i></p> <p>Trade-Offs in Fertility and Survival: Two Approaches <i>Ingrid van Dijk</i></p>	<p>The impact of restricted access to abortion on newborns' health: Evidence from Hungary <i>Gábor Hajdu</i></p> <p>Parity-specific contributions to the fertility transition: A decomposition using cohort data for Estonian women born 1850-1899 <i>Mark Gortfelder</i></p> <p>Determining factors in the historical decline in marital fertility in Spain <i>Jesús J. Sánchez-Barricarte</i></p> <p>Stopping, limitation and spacing in the British fertility transition: insights from the 1911 Census <i>Ian M Timaeus, Alice Reid, Hanna Jaadla, Elidh Garrett</i></p> <p>Urban fertility and reproduction over two centuries: The Parishes of Salamanca, 1700-1887 <i>José A. Ortega</i></p>	<p>Forced migration, mortality and integration: Dutch paupers in the colonies of the Society of Benevolence 1818-1859 <i>Richard Papina</i></p> <p>The Timing of Social Class Inequalities in Cause-Specific Mortality: Evidence from Southern Sweden 1813-2015 <i>Enrico Debiasi, Martin Dribe</i></p> <p>Differential mortality in WW1. The Italian soldiers <i>Alessio Fornasin, Marco Breschi, Matteo Manfredini</i></p> <p>Wealth in the trenches. Social class and survival during the Great War <i>Lionel Kesztenbaum</i></p>	<p>"One size does not fit all": a geographically weighted regression approach to determinants of elderly residential isolation in historic Europe <i>Mikolaj Szoltysek, Bartosz Ogórek, Radosław Poniak, Siegfried Gruber</i></p> <p>The Shadow of the Family: Historical Roots of Social Capital in Europe <i>Maria Kravtsova, Alexei Oshchepkov, Christian Welzel</i></p> <p>Mapping patterns of household structure in 19th century Moldavia and Wallachia <i>Bogdan F. Mateescu</i></p> <p>The grassroots of economic development: family organisation and long-term development at the sub-national level <i>Sarah Carmichael, Auke Rijpma</i></p>

10:45 - 11:15 *Coffee break*

11:15 - 13:00				
Parallel Session 3.				
Room nr.	Room 1	Room 2	Room 3	Room 4
Title	Demography of urban life	Looking back - looking forward	Spatial perspectives on historical family demography II.	Rountable Reflecting on 'The future of historical demography: Upside down and inside out'
Chair	Füzér Katalin	Rosella Rettaroli	Mikolaj Szoltysek	Jan Kok
Title Authors	<p>Those who stayed. Long-term settlement in the industrial town of Verviers (Belgium) in the second half of the nineteenth century <i>Michel Oris, Stanislao Mazzoni, Diego Ramiro Farinas, George Alter</i></p> <p>Migrations to Lviv in the years 1890-1931 <i>Konrad Wnek</i></p> <p>Female immigration to Krakow in the second half of the 19th century and labour activity of women <i>Lidia A. Zyblikiewicz</i></p> <p>The social care-taking of the City-kids. Determinants for day-care attendance in 20th century southern Sweden <i>Annika Elwert, Luciana Quaranta</i></p>	<p>At the roots of the European population. Demography, workforce and households in early medieval Provence (813-814 AD.) <i>Irene Barbiera, Maria Castiglioni, Gianpiero Dalla Zuanna</i></p> <p>Missing girls in historical Europe <i>Francisco J. Beltrán Tapia, Mikolaj Szoltysek</i></p> <p>Who did the Morai favor most? Life expectancy at Roman and Middle Byzantine Sagalassos <i>Sam Cleymans, Katrien Van de Vijver, Hideko Matsuo</i></p> <p>Mutable Inequalities: Meritocracy, Occupation, Gender, and the Making of the Chinese Academe <i>James Lee, Bamboo Y. Ren, Cameron D. Campbell, Chen Liang</i></p>	<p>The Spatial Determinants of Migration, England and Wales 1851-1911: An analysis of the 100% sample of individual-level census returns <i>Joseph Day</i></p> <p>Family systems and the diffusion of fertility decline. Spatial insights from the interwar Poland <i>Bartosz Ogórek</i></p> <p>Placing lives on tracks. Geocoding the Historical Sample of Netherlands <i>Diogo Paiva, Kees Mandemakers</i></p> <p>Cholera Advantages: Topography, Infrastructure and Health Literacy? <i>Arne Solli</i></p>	<p>Participants:</p> <p>Jan Kok, Radboud University, Netherlands Koen Matthijs, University of Leuven, Belgium Yulia Hilevych, University of Cambridge, UK Tim Riswick, Radboud University, History, Netherlands Michael Raftakis, Newcastle University, UK Evelien Walhout, Leiden University, Netherlands</p>

13:00 - 14:00 *Lunch Time*

14:00 - 15:45				
Parallel Session 4.				
Room nr.	Room 1	Room 2	Room 3	Room 4
Title	Differential mortality in Eastern Europe	Differential reproduction (fertility and infant and child mortality)	Comparative analyses on the population history of Europe and regions outside Europe	New Nordic Databases: A momentum to Historical Demography in the Nordic countries
Chair	Pakot Levente	Hideko Matsuo	Jan Kok	Elisabeth Engberg
Title Authors	<p>Life expectancy of the members of Polish noble families in late middle ages and early modern ages <i>Piotr Guzowski</i></p> <p>Death of magnate. Life expectancy of magnate of the Polish-Lithuanian Commonwealth versus demography of Western European elite in early modern ages <i>Marzena Liedke</i></p> <p>Inequalities in Front of Death: An Analysis of Adult Mortality in Transylvania between 1850 and 1914 <i>Elena Crinela Holom, Mihaela Hărăguș, Ioan Bolovan</i></p> <p>Socioeconomic status and local context as factors of mortality risk: A case study of post-emancipation rural Estonia, 1834-1891 <i>Martin Klesment, Kersti Lust</i></p>	<p>SES and Fertility During the Fertility Transition. Evidence from Micro-Level Population Data in a Global and Historical Perspective <i>Francesco Scalone, Martin Dribe</i></p> <p>Migrations and Differential Fertility in a European Capital Madrid, 1905-1906 <i>Stanislao Mazzoni, Michel Oris, Diego Ramiro, Begoña Villuendas</i></p> <p>Infant and child mortality by socioeconomic status in early 19th century England <i>Hannaliis Jaadla, Ellen Potter, Romola Davenport</i></p> <p>Socioeconomic disparities in under-five mortality in southern Sweden, 1813 - 1967 <i>Martin Dribe, Omar Karlsson</i></p> <p>The association of extreme temperature and neonatal mortality: Swedish Sápmi 1800-1895 <i>Lena Karlsson, Barbara Schumann, Erling Lundevaller</i></p>	<p>The Making of Missing Girls: Comparative Evidence from Administrative Microdata of Three East Asian Populations, 1652-1945 <i>Hao Dong, Satomi Kurosu, Wenshan Yang, James Z. Lee</i></p> <p>The Organizational Demography of the Qing Civil Service <i>Cameron D. Campbell, Bijia Chen, James Z. Lee</i></p> <p>Sex composition and parity progression in Sweden and Taiwan: Evidence of changing gender preferences from 200 years of micro level fertility histories <i>Martin Kolk, Yen-hsin Alice Cheng</i></p> <p>Why is the Population of Bonda Tribe in Odisha Declining? A Historical Perspective <i>Jalandhar Pradhan</i></p> <p>Between Rivalry and Support: Differences in the Mortality Chances of Adopted and Non-Adopted Daughters in Taiwan (1906-1946) <i>Tim Riswick, ChiaChi Lin</i></p>	<p>Norwegian Historical Population Register: Status &amp; Future <i>Trgvave Andersen, Hilde L. Sommerseth</i></p> <p>The national SwedPop-initiative: Merging five large databases into a national resource for demographic research <i>Elisabeth Engberg</i></p> <p>Not only hopes anymore - A demographic database of Finland <i>Jarmo Peltola</i></p> <p>Link-Lives: a Danish historical population reconstruction project <i>Helene Castenbrandt, Barbara Revuelta-Euercios, Anne Løkke, Signe Gronemann</i></p>

15:45 - 16:15 *Coffee break*

16:15 - 18:00				
Plenary Session 1.				
Chair: Péter Óri				
<p><i>Mikolaj Szoltysek</i>, University of Warsaw: Historical European family systems: where did the East fit in? <i>Tomáš Sobotka</i>, VID, ÖAW Wittgenstein Centre, Vienna: Long-term fertility changes in Eastern Europe in the course of the 20th century and in the early 21st century <i>France Meslé</i>, Jacques Vallin, INED, Paris: Mortality in Eastern Europe during the twentieth century: the marks of political history <i>Irina Troitskaya</i>, Alexander Avdeev, Moscow State University - Université, Paris I.: 50 years of historical demography in Russia: forging a new research paradigm</p>				

18:15 - 19:00 *General Assembly of ESHD*

**THE 3RD EUROPEAN SOCIETY OF HISTORICAL DEMOGRAPHY CONFERENCE**  
Day 3 - 28 June (Friday)

09:00 - 10:45					
Parallel Session 5.					
Room nr.	Room 1	Room 2	Room 3	Room 4	Room 5
Title	Maternal and perinatal health in Europe in the 19th and 20th Centuries (SESSION)	Popular genealogy as citizen science	Marriages in the past	Epidemiological and mortality transitions	Kin impacts on demographic outcomes
Chair	Lucia Pozzi	Georg Fertig	Stanislao Mazzoni	Eilidh M. Garrett	Martin Dribe
	<p><b>Respiratory complications, maternal and perinatal health: Dublin 1900-1902</b> <i>Ciara Breathnach</i></p> <p><b>Child care nurses and the fight against infant mortality in Contemporary Spain and the international context</b> <i>Maria Eugenia Galiana-Sánchez, Rocio Martinez-Zapata, Josep Bernabeu-Mestre</i></p> <p><b>Maternal mortality in 19th and early 20th century Italy: from the micro to the macro perspective</b> <i>Matteo Manfredini, Marco Breschi, Alessio Fornasin, Stanislao Mazzoni</i></p> <p><b>Maternal and newborn health in an Irish industrial city. Belfast in the first half of the 20th Century</b> <i>Lucia Pozzi, Liam Kennedy, Brian Gurrin</i></p> <p><b>The geography of maternal mortality in early twentieth century England and Wales</b> <i>Alice M Reid</i></p>	<p><b>Gedbas4all: An assertion oriented data model for life courses and family relations</b> <i>Jesper Zedlitz, Georg Fertig</i></p> <p><b>Tracing a colonization process by genealogy and DNA research based on citizen science</b> <i>Erling Hågström Lundevaller</i></p> <p><b>Skipping to the front of the line: the importance of crowdsourcing as a precondition for a new Danish longitudinal population database (the for Link-Lives project)</b> <i>Barbara Revuelta-Euercios, Helene Castenbrandt, Anne Løkke, Signe Gronemann, Katrine Tovgaard-Olsen</i></p> <p><b>The citizen in the loop: engaging experiences to create historical demographic databases</b> <i>Miquel Valls-Figols, Joana Maria Pujadas-Mora, Gabriel Brea-Martinez, Alicia Fornés, Josep Lladós</i></p> <p><b>Linking Dutch marriages into pedigrees, 1795-1938, the case of Zeeland</b> <i>Kees Mandemakers, Gerrit Bloothoof</i></p>	<p><b>Illegitimacy and its effects on marriage prospects in 18th and 19th century rural England</b> <i>Cathy Day</i></p> <p><b>Secularization and evolution of spousal age gap trends in first marriages: empirical evidence from two provinces in Flanders (Belgium) from early 19th to early 20th century</b> <i>Hideko Matsuo, Koen Matthijs</i></p> <p><b>Tracing the Transition from Instrumental to Romantic Marriage Partner Choice in Dutch Matrimonial Advertisements, 19th and 20th Centuries</b> <i>Sophie Vries, Karin Wienholts, Ton Van Raaij, Paul Puschmann</i></p> <p><b>Shifting Spousal Age Patterns in Taiwan and Sweden from the 19th to 21st centuries</b> <i>Yen-hsin Alice Cheng, Martin Koik</i></p> <p><b>Records of Marriage in Hungarian Calvin's Settlements in Eastern Slavonia and Southern Baranya in the Second Half of the 18th Century</b> <i>Denis Njari, Eldina Lovas</i></p>	<p><b>Nomina nuda tenemus The growing number of given names as a clue of the beginning of the demographic transition</b> <i>Alessandra Minello, Gianpiero Dalla-Zuanna, Guido Alfani</i></p> <p><b>Pinpointing the start of the longevity revolution: The origins and causes of the lifespan improvements in the Dutch 1762-1862 cohort</b> <i>Rick J. Mourits, Theo Engelen</i></p> <p><b>The surprising efficacy of public health interventions in the early stages of the mortality transition in England: a perspective from evolutionary biology</b> <i>Romala J Davenport</i></p> <p><b>Does the season of birth affect height? The impact of climatic variability on the biological well-being of Spaniards during the modernization</b> <i>Begoña Candela-Martinez, José Cañabate-Cabezuelos, José M. Martínez-Carrión</i></p> <p><b>STIs - researching the hidden dimension in demographic history</b> <i>Simon R.S. Szreter</i></p>	<p><b>Kinship Influences on infant and child mortality in historic Quebec, Utah and Scania: the intersecting roles of kin and occupational status on children's survival</b> <i>Lisa Dillon</i></p> <p><b>Did siblings contribute to the marriage formation of other siblings? Individual determinants in the Barcelona area, 16th-18th centuries</b> <i>Gabriel Brea-Martinez, Joana Maria Pujadas-Mora, Miquel Valls-Figols</i></p> <p><b>Early Marriage and the Importance of Family Relations in Ukraine during the Post-War Fertility Decline</b> <i>Yuliya Hilevych</i></p> <p><b>The Demographic Foundations of the Lived Experience of Kin Death</b> <i>Diego Albrez-Gutierrez</i></p>
10:45 - 11:15					
Coffee break					
11:15 - 13:00					
Parallel Session 6.					
Room nr.	Room 1	Room 2	Room 3	Room 4	
Title	Population and economy: reciprocal answers	African Population History	The Intermediate Data Structure: How far are we now?	Sex-ratios and gender gap	
Chair	Luciana Quaranta	Sarah L. Walters	Kees Mandemakers	James Z. Lee	
	<p><b>Coping and Caring: Institutions, Transition, and Families under Economic Pressure</b> <i>Benjamin Matuzak</i></p> <p><b>Demographic disasters as a factor in the transformation of the peasant family in Russia in the first half of the 20th century</b> <i>Liudmila N. Mazur, Oleg V. Gorbachev</i></p> <p><b>Reproductive responses to short-term economic stress in a Hungarian rural town: Keszthely, 1775-1849</b> <i>Levente Pakot</i></p> <p><b>Malthus in France.
